

# Annual Report 2019

# Directors Report 2019

2019 represented a bittersweet year for CROC. In our 11<sup>th</sup> year as the distributor of patient grants for the Celebrate Life Half Marathon fund, we near the end of another CROC epoch.

2020 will be the last year for this synergistic and vibrant association. Our goal for 2020 will be to assist Myriam and her organization transition to a new model while simultaneously creating our new structure (which I will unveil in next year's annual report).

The act of giving money to needy and worthy cancer survivors is as satisfying and soul warming an act that I have ever experienced, and I will certainly miss it.

Growth and change are simultaneously scary and exciting, and it is time for us to shed our crocodile skin and reinvent ourselves to best serve the constituency of the survivor.

I want to conclude this year's comments with a tremendous nod of respect and thanks to Myriam for her vision and hard work which are tangibly summarized in the body of this report.

Peace,

Tom Eanelli

# Grant Summary - 2019

**\$59,041**

Total 2019 Grants Awarded

**\$1,000**

Average 2019 Grant Size  
(largest ever)

**59**

Number of Grant Recipients

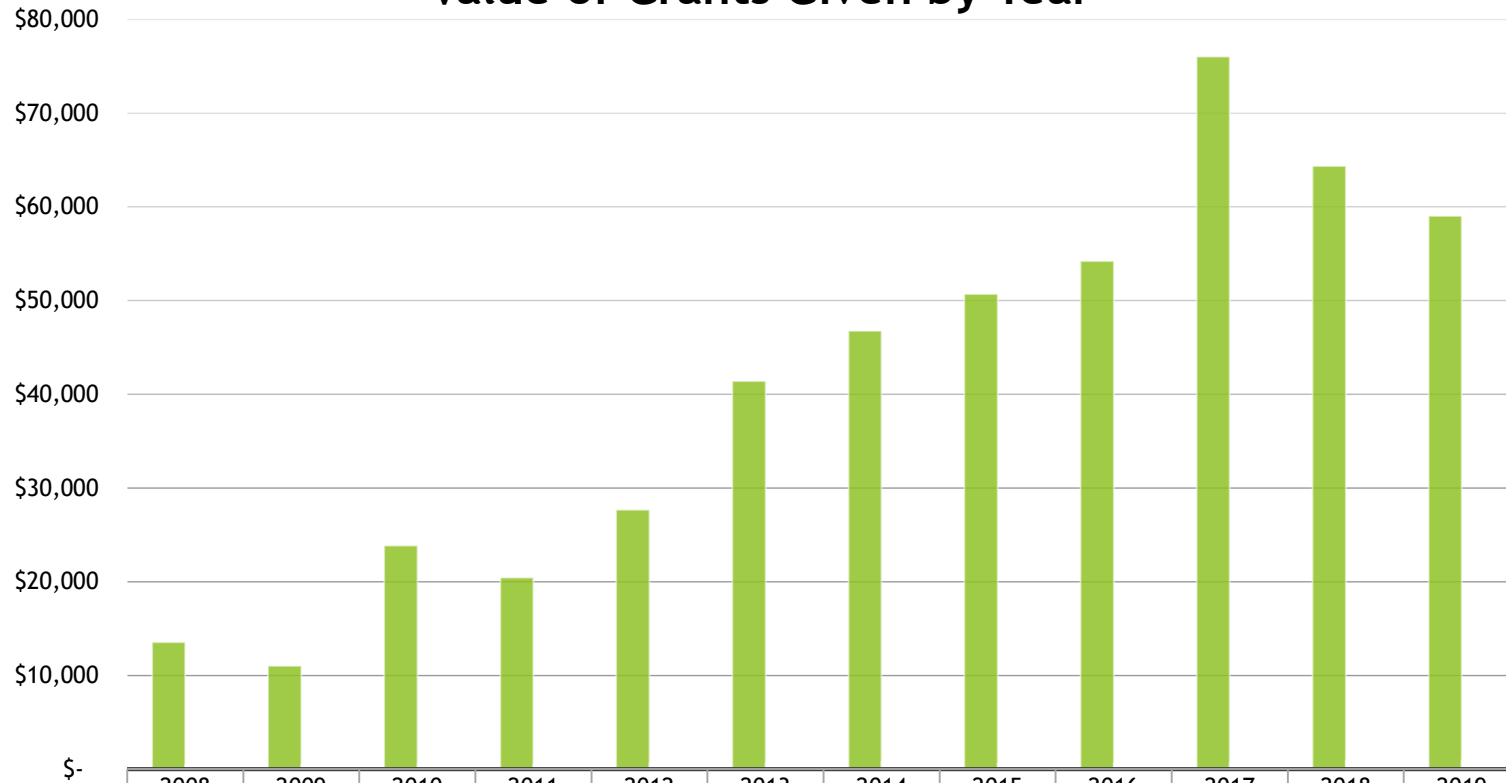

**57**
